Water Transfers Work Group

Dear Lester:

I am pleased that the Water Transfers Work Group will soon start its deliberations. I request that the packet sent to the Group members prior to the meeting include:

- a) Copies of the DWR document entitled Water Transfers in California: Translating Concept into Reality, November 1993.
- b) Information on the nature and extent of lands dedicated to agriculture by zoning laws, Williamson Act, etc., such that those dedications would be thwarted if the water supplies appurtenant to those lands were transferred to other uses.

Thank you.

Sincerely,

Alex Hildebrand
